PROFESSIONAL SUMMARY

Creative and results-driven Full-Stack Developer, Video Editor, and Graphics Designer with 2+ years of hands-on experience building production-grade web applications, compelling video content, and polished visual assets. Proficient in the entire JavaScript ecosystem—React, Next.js, Node.js—alongside modern databases (MySQL, MongoDB, Supabase) and industry-standard design and video tools (Figma, DaVinci Resolve, Adobe Photoshop, After Effects). Proven ability to deliver end-to-end digital solutions across startups and media organizations. Currently pursuing a Bachelor's in Computer Application (BCA) at Mechi Multiple Campus, Jhapa.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Vue.js, Tailwind CSS, jQuery, Vite
Backend:	Node.js, PHP, Python, REST APIs, WordPress
Databases:	MySQL, MongoDB, PostgreSQL, Firebase, Supabase, Appwrite, Prisma
DevOps & Tools:	Git, GitHub, Docker, Vercel, Netlify, Apache, VS Code, ESLint
Video Editing:	DaVinci Resolve, Adobe Premiere Pro, Adobe After Effects, Adobe Lightroom
Design:	Figma, Adobe Photoshop, Canva, UI/UX Design, Adobe Lightroom Classic
Programming:	Java (DSA), C, C++, Python, PowerShell
Soft Skills:	Collaboration, Content Creation, News Writing, Problem Solving, Self-directed Learning

WORK EXPERIENCE

Video Editor | Kharaayo Inc.

Jhapa District, Province No. 1, Nepal • August 2025 – Present

- Produce and edit video content for the organization's digital channels using DaVinci Resolve and Adobe Premiere Pro.
- Apply color grading, motion graphics, and audio mixing to deliver broadcast-quality final outputs.
- Collaborate with creative teams to align visual storytelling with brand guidelines and audience expectations.
- Manage asset libraries, project timelines, and iterative review cycles to meet publishing deadlines.

News Writer (Content Creator) | Bhyakur Express

Province No. 1, Nepal • 2024 – December 2025

- Researched, wrote, and published political news articles for Bhyakur Express's digital and social media platforms.
- Grew readership engagement by creating timely, accurate, and SEO-aware content.
- Coordinated with editorial staff to ensure factual accuracy and stylistic consistency across publications.

PROJECTS

FinTrack — Personal Finance Tracker | TypeScript, Next.js

fin-track-next.vercel.app • github.com/parzavel-7/FinTrack

- Built a full-stack personal finance tracker with dashboard analytics, expense categorization, and budget management.
- Implemented secure authentication and real-time data persistence using Supabase and Prisma ORM.

- Deployed to Vercel with CI/CD pipeline; optimized performance achieving fast load times using Next.js App Router.

Oasis Watch — Movie Discovery Platform | *JavaScript, React.js*

oasiswatch.vercel.app • github.com/parzavel-7/Oasis-watch

- Developed a responsive movie browsing platform integrating a third-party REST API for real-time movie data.
- Designed an intuitive search, filter, and watchlist UI with React hooks and context API for state management.
- Achieved a clean, mobile-first layout with custom CSS and deployed on Vercel.

Luminary — AI-Powered Auditor | *Next.js, TypeScript, AI Integration*

- Designed and developed an AI auditor application leveraging large language model APIs for automated analysis.
- Built a multi-step audit workflow with structured output parsing, user-friendly reporting, and export functionality.
- Implemented server-side rendering and API routes in Next.js for secure and performant AI interactions.

Portfolio Website — Personal Portfolio | *Next.js, TypeScript, Tailwind CSS*

surajganesh.vercel.app • github.com/parzavel-7/surajganesh

- Designed and built a full personal portfolio showcasing web development, video editing, and graphics design work.
- Integrated contact forms, dark mode, and smooth scroll animations; optimized for SEO and Core Web Vitals.

EDUCATION

Bachelor of Computer Application (BCA)

Mechi Multiple Campus, Tribhuvan University • Jhapa, Nepal • 2023 – 2027 (Expected)

- Relevant Coursework: Data Structures & Algorithms (Java), Database Management Systems, Object-Oriented Programming, Web Technologies, Computer Networks, Software Engineering.

Higher Secondary Education (Science)

St. Xavier's School, Deonia • 2013 – 2023

SERVICES & AREAS OF EXPERTISE

Web Development — Full-stack applications, landing pages, e-commerce, and SaaS platforms using React and Next.js.

Video Editing — Professional video editing and post-production using DaVinci Resolve, Premiere Pro, and After Effects.

UI/UX Design — User interface design, prototyping, and design systems in Figma and Adobe XD.

Graphics Design — Brand identity, social media graphics, posters, and marketing materials using Photoshop and Canva.
